Town of Johnson Ancient Roads Research

The Town seeks information about unmapped old roads which might be “town” roads. If you know of any, you are invited to contact the town.

The more detail about locations, identifying landmarks, or documentation, the better.

Existing mapped roads can be viewed on the official town highway map at the Municipal Office and are also available on-line

at: http://www.aot.state.vt.us/planning/MapGIS/Town_Maps1.htm

Anyone wanting to volunteer on Johnson Road research is invited to contact the Municipal Office. Experience with maps, deeds surveys and or local knowledge of old roads would be particularly useful.

To volunteer information or express an interest in joining the committee, please contact:
