

Now that the process and challenges for Form Based Code been completed, we are now tasked with enforcing it. To accomplish that we will need volunteers to serve on the Development Review Board (DRB). The DRB will consist of five members and two alternates. The DRB will hear appeals from the acts of the Administrative Officer, and review requests for variance. For more information on the DRB see Article III in the Johnson Form Based Code (<http://townofjohnson.com/wp-content/uploads/2014/02/Form-Based-Code-as-Adopted-5-21.pdf>).

Any town resident is eligible to sit on the DRB. We are especially seeking individuals who live or work in the village, and those who have development experience.

If you are interested in serving the DRB, please send a letter of interest to me at: tojadministrator@townofjohnson.com, or at: Town of Johnson, Care of: Brian Story, PO Box 383, Johnson, Vermont 05656.
