### ARBOR DAY

Sue will coordinate plans for a celebration on May 2, with 4 members of the state forestry division attending.

### TRAILS

Eric the Dynamo walked the Gomo trails in anticipation of the work that needs to be done there. Dave Hardy of the Green Mtn. Club is staying in touch regarding repairs that will begin shortly. Lois will email the Selectboard to suggest they set a time for us to take them up to Gomo and survey the damage before repairs start. We'll spend the June 17 meeting at Gomo walking with VASA; perhaps the Selectboard will join us then.

The layout of the new trail at Journey's End will be handled by Eric.

### GREEN UP

Jen Stefanski asked Jeanne about funds. We'll give \$100. toward refreshments.

### LANDS

LANDS proposals will be submitted soon so it's time to consider what we want done. Suggestions so far include identification of hazard trees on town ROWs and trail planning on Journey's End as preparation for the VYCC's work there.

### MAPPING

Jens Hilke will attend the May meeting to talk about connectivity and show us maps that relate to it. We'll be able to choose which of those maps we want for our resources project.

### MISC

June 30 marks the end of the fiscal year so all financial matters should be completed before then. Sue will submit receipts for the Ash Borer Preparedness expenses before the 30<sup>th</sup>.

Buying a 12X12 canopy tent to be used for displays was approved by consensus; Sue will take care of it.
