

December 9, 2015

Minutes of last meeting approved and seconded.

Old Business:

Jeanne reports that she read in Village Trustees minutes that two people will be coming to look at the possibility of a crosswalk by the library.

It is agreed that two priority areas for upgrade to the interior of the library are the Children's room and front desk area. Some ideas were discussed. The consensus was to start with researching bookcase options for the Children's room.

Jeanne went to the Lamoille County Librarian's meeting last month. She reports the State is asking for proof that we are a municipal library for legal purposes. Stacey says she has some documents that would serve this purpose from old Town reports.

Jeanne stated she would like a weekly post on FPF and local newspapers to get more people into the library. She stated Becca is willing to take on this project. This would increase Becca's hours by one hour per week. Jeanne stated we should have funds in the current budget for this purpose.

Kneeland Masonry donated their time and labor to fix the brickwork on the front of the library. The Board is sending a Thank You note in recognition of this generous donation.

Discussion of final budget took place. The next Library Board meeting is scheduled for February.

Meeting adjourned at 6:45 p.m.

Jane Nuse, Secretary.
