Old Business:

Brian is coming in this weekend to do some work in the library. He will look at the doors for the downstairs room. Layaway employees will be here to paint on Martin Luther King Day. A color has been chosen for the YA room. Jeanne will get the paint this weekend. The windows in the big room upstairs have been calked for the winter.

New Business:

JoAnn says the Town Report is going to press a bit earlier this year. Thus, Jeanne and Robert need to get their reports ready by next week. Jeanne would like Pam and Becca to write something for the report related to Children's programs.

Jeanne states we received \$3000 from Copley. We also got a commitment from Turrell Fund for another \$3000.

Discussion of the budget took place.

Survey:

We are still hoping for more responses to our library survey. Approximately 31 responses have been received. Other ideas and options for gaining more responses were discussed.
