Johnson Public Library Minutes  
April 8, 2015

Present: Robert Schulz, Stacey Waterman, Jessica Bickford, Jeanne Engel

Minutes of March 11, 2015 meeting were read and accepted.

Librarian's Report: The new door to the craft room needs to be painted or polyurethaned, Jeanne has someone coming to give an estimate for the job. Brian hasn't yet looked at or given an estimate for the downstairs window frames in need of repair. We estimate needing at least \$200 to install the donated track lighting in the craft room. It was decided that the window frame repairs have priority. Discussed caulking the storm windows upstairs.

New Business:

The year to date budget was reviewed, expenses appear to be on target.

Becca and Pam will attend the Early Literacy Conference at Lake Morey at the end of April. Jessica will fill in at Story Time that Wednesday. Story Time is still going strong with 17 children in attendance this past week.

The librarians are hoping to coordinate with JES on this year's summer reading program. Stacey and Jessica will check in with Ms. Stender, the JES librarian about this.

Discussed ways of reporting our survey results, brainstormed on ways to best condense the survey results to possibly include in the State of the Library Report that Robert is working on or to post on Front Porch Forum. Jessica will prepare a summary of survey results and send to Board members for review.
