

Public Comment Period: Draft Johnson Hazard Mitigation Plan

The Town and Village of Johnson is seeking public comments on the draft Local Hazard Mitigation Plan. The public comment period will run March 1st through April 1st, 2022. A copy of the draft plan is linked below. Please submit comments to LCPC Assistant Planner, Melanie Riddle, at melanie@lcpcvt.org. The Johnson Planning Commission will also be taking comments on the plan at their March 9th meeting. Please visit the Town and Village of Johnson website ([Official Website of the Town and Village of Johnson, Vermont \(townofjohnson.com\)](http://townofjohnson.com)) for meeting details and the Planning Commission agenda.

The purpose of the Hazard Mitigation Plan is to identify local hazards that are a threat to the community, and outline mitigation actions to reduce vulnerability to these hazards. Maintaining an updated Hazard Mitigation Plan is one of the four requirements for ERAF (Emergency Relief Assistance Fund) status and is an eligibility requirement to apply for Hazard Mitigation Grants.
