

Flood Recovery Rebates

Receive financial assistance to replace flood-damaged equipment with energy efficient technologies.

Qualifying low- and moderate-income Vermont homeowners and renters are eligible to receive a combined total of up to \$10,000 back on qualifying energy efficient equipment, and up to \$9,500 back on weatherization projects. Funding is available on a first-come, first-served basis, and incentive amounts are subject to change. To confirm the most up-to-date rebate amounts, visit efficiencyvermont.com/floodrebate. See income eligibility requirements and redemption information on reverse.

Eligibility

Qualifying households must meet the annual gross household income guidelines below, based on the county you live in and the number of people in your household. Income is defined as the total annual gross income of all family and non-family members 18+ years old living within the household. If your household has more than 5 members, please call our customer support team to determine your income eligibility. Customers of Burlington Electric Department and Vermont Gas Systems only: additional restrictions may apply. Please contact Efficiency Vermont for the most up-to-date details.

How to Redeem

Apply at efficiencyvermont.com/floodrebate or by calling **888-921-5990**.

- Apply for all FEMA processes before participating in any Efficiency Vermont rebates, incentives, or financing offers.
- Confirm household and product eligibility (find qualifying products on Efficiency Vermont's Qualified Products Lists online at efficiencyvermont.com/floodrebate or call **888-921-5990**)
- Keep the receipts from your purchased items.
- Submit your application online or contact our team of Energy Advisors for additional support.
- Note that the total incentive amount provided by Efficiency Vermont for any individual product is in addition to any FEMA assistance, any insurance payment, and any other donation or grant funding for the same product. The combined Efficiency Vermont and other financial assistance cannot exceed the cost of purchasing and installing the product. When you submit your Efficiency Vermont Flood Assistance Rebate Application, you will be required to certify that the Efficiency Vermont incentive(s) for which you are applying are not duplicative to other funds that your household has received, including funds from insurers and from state and federal flood-relief programs.
- Flood Recovery Rebates may be combined with Efficiency Vermont's standard offers if the total, combined incentive does not exceed the cost of purchasing and installing the product.
- For any single item, payment will not exceed the net price to the customer. Net price includes price of the item, shipping, sales tax, installation cost, and disposal/recycling expenses, and must be reduced by any benefits and payments received from insurance, FEMA, and any other donations or grants.

Rebate is subject to change without notice. Rebate must be submitted on or after the program/offer "effective date" of July 10, 2023, and within 365 days of the product purchase date. In the event this rebate is discontinued or changed, submissions will be processed at the new rebate level as of the date of the change, or will not be accepted if the funds are exhausted.
