

Village of Johnson Water & Light Department

If your home was impacted by summer flooding, you may be eligible for Efficiency Vermont's flood recovery rebates. Income-eligible homeowners and renters, plus rental property owners and businesses, can get additional money back when replacing flood-damaged items with energy-efficient options.

For homeowners and renters

Up to a combined total of \$10,000 back on:

- Home heating and cooling systems, including ducted and ductless heat pumps, central wood pellet systems, wood/pellet stoves, and qualifying ENERGY STAR® certified boilers and furnaces.
- ENERGY STAR certified electric and fossil fuel fired hot water heater systems.
- ENERGY STAR certified replacement appliances like refrigerators, freezers, clothes washers and dryers (including heat pump dryers), window air conditioners, dehumidifiers, and air purifiers.

As well as:

- Up to \$5,000 back on qualifying Heat Pump Water Heaters.
- \$9,500 is available for qualifying weatherization projects.
- Zero-interest (0% APR) financing up to \$30,000.
