Reason for Process: The Town of Johnson Town Clerk's Office and Animal Control Officer are working together to update the accuracy of dog licensing records in the Town of Johnson by sending this form to all property owners requesting residents to register their dog by April 1, 2025. Dog licensing helps keep track of the number of dogs in Town and requires an updated rabies vaccination, which assists with public health, and provides a specific tag number for the dog, which helps identify them if they are lost.

Thank you,
